

Because it's fun

Thanks to an extensive search for the strongest, most durable and, above all, most child-friendly materials, DICE prioritises 'care-free fun' for children and parents.

**Stronger.
Safer.**

Our braided ropes are available in two different colors.

'Be different' is one of our core values. This resulted in a profound search for the best possible playing comfort for children. We ended up manufacturing swing accessories with braided rope because of its stronger, more durable and softer characteristics, with the goal of reducing chances of scrapes and cuts, and creating a safer environment for kids to play in. The rope is available in black and beige, giving people the chance to choose a design they truly love.

Make-A-Wish®

We care

Forests slow down climate change, that's why we are supporting **Go Forest**, a young Belgian company that offers accessible and transparent solutions for everyone who wants to plant trees with impact. Visit www.goforest.be to find out how we're creating a greener world for us and our future generations.

DICE doesn't only have a heart for our planet's greens, but also for its people. And that's why we're supporting the **Make-A-Wish Foundation**, a charity that believes in the healing power of wishes. By fulfilling the heart's desires of children with life-threatening medical conditions, we're hoping to give them the strength to keep fighting. Visit www.makeawish.be to find out how we collaborate or to grant wishes for sick children yourself.

High quality playground equipment for care-free fun

A new era of swing seats and other playground accessories

DICE stands for Different – Innovative – Customer Service – E-commerce, but even more so, DICE stands for care-free fun!

And... we see this 'worry-free' in a very broad context. Besides an **extensive range from stock**, we also offer **tailor-made solutions for retail and e-commerce businesses**. From the design and development of our products to their final use, we prioritise flexibility, accessibility, durability, comfort and safety. After all, we want to create not only strong products, but also satisfied customers, suppliers and employees.

With this philosophy and years of experience in all outdoor playground equipment and garden structures, we founded DICE. With the high quality standards we set for both our products and our own work, we wish all children and parents **many moments of unlimited playground fun**.

From Willy & Alain

"In every walk with nature, one receives far more than he seeks."

— John Muir
